LAMPASAS COUNTY : SITE EVALUATION FOR OSSF

Owners Name: _____

Site Address: _____

Name of Site Evaluator: _____ Reg #: _____

Date Performed: _____

- At least two soil evaluations must be performed on the site, at opposite ends of the proposed disposal area. Please show results of each soil evaluation on a separate table. Location of soil evaluations must be shown on the site drawing on the back of this form.
- For subsurface disposal, soil evaluations must be performed to a depth of at least 2 ft. below the proposed excavation depth. For surface disposal, the surface horizon must be evaluated.
- Please describe each soil horizon and identify any restrictive features in the space provided below. Draw lines at the appropriate depths.

Soil Boring Number: ()					
Depth (ft)	Texture Class	Structure (if applicable)	Drainage Mottles/ Water Table	Restrictive Horizon	Comments
1					
2					
3					
4					
5					
6					
7

SITE DRAWING FOR PROPOSED OSSF SYSTEM

SHOW NORTH WITH ARROW

Acres: _____

Public Water: Yes__No__

Well: Yes__ No__

- Show location of proposed sewage system relative to all existing and proposed structures and distances to all restrictive features in Table X of TCEQ regulations. This should include restrictive features on adjoining property if within 100 ft. of area evaluated. If property is over 2 acres, you may show only property lines within 100 ft. of area evaluated.
- If professionally designed, attach signed and sealed drawing.

OSSF DEPARTMENT would like to update our records with your current address or mailing address, email address and telephone numbers. This will help us to contact you if we should have any questions or problems with your septic system records.
