

FARMER'S MARKET VENDOR INFORMATION 2019

Lampasas Courthouse Farmer's Market to Open in June

Due to inclement weather this spring, vegetables are not quite ready for market. A flyer will be distributed a couple weeks prior to opening of local market.

A reminder, all vendors must have an approved vendor application prior to start of market. Vendors must supply everything they will need to operate.

Applications can be obtained through Lampasas County Courthouse, County Extension Office or Dee Johnson (512-525-4098).

The market aims to encourage the community to shop locally. Our market is exclusive to local farmers, local entrepreneurs. We try to showcase local farmers and artisans and their quality of homegrown goods and handiwork.
