SUMMARY OF ORDER

Summary: The virus that causes Coronavirus Disease (COVID-19) is easily transmitted through person to person contact, especially in group settings, and it is essential that the spread of the virus be slowed to protect the ability of public and private health care providers to handle the influx of new patients and safeguard public health and safety. Because of the risk of the rapid spread of the virus, and the need to protect the most vulnerable members of the community, this Order requires all individuals anywhere in Lampasas County to shelter in place – that is, stay at home - except for certain essentials activities and work to provide essential business and government services or perform essential public infrastructure construction, including housing. This Order takes effect at midnight on April 8, 2020 and will continue through midnight on April 30, 2020, subject to the limited exceptions and under the terms and conditions more particularly set forth below.
